Morpeth & Ponteland School Sports Programme—Spring Newsletter 2017 Y4 Multi-Sport Festival

A fantastic 390 students in total from across Morpeth and Ponteland participated in the Year 4 Multi Sports Festival. The aim of the festival was to assist with transition to middle school, especially for some schools whereby the shear walk to Chantry was a lesson in transition itself! Students enjoyed taster sessions in Sitting Volleyball, a Paralympic Sport, and the other sports of Hockey, Netball, Fencing & Golf in order to develop their skills prior to the uptake of these sports at middle school.

Physical Development CPD—16.3.17

There was a fantastic Early Years CPD training course held at Morpeth Golf Club where many of the partnership schools had staff in attendance.

The staff discussed a range of new developments in the early years curriculum in relation to PE and Physical Development. For example one of the main aspects of the course focused on the whole child and looked at the ways in which they move and how this could be improved. Also there were some very positive discussions about how the area of Physical Development has been moved to become one of the main Prime Areas of the EYFS curriculum and how this looks in every-day practice.

The next EYFS CPD training date is on the 9.5.17 focusing on Ready to Write delivered by Lesley Doughty. Please speak to Franki Clark if you would like to book a place on this training/event as places are limited.

Sports Mark Update—March 2017

There has been a significant increase in the number of MPSSP school applying and achieving a higher School Games Award in the last 12 months. There are a total of 28 schools in the MPSSP and the success of these schools grows from strength –to-strength. For example 30% of the schools in the partnership now hold the Silver School Games Award, 33% of the Schools hold the Gold School Games Award and a further 23% of the schools currently hold the Bronze Award. However there are 14% of schools who currently do not qualify or hold any level at School Games and we strongly recommend you speak with Franki Clark for further support regarding this. All of the successful results have increased from the previous year and continues to increase yearly and is expected to rise again in 2017. Good luck to all of the schools in applying again this year.

The School Games Mark has been updated and changed slightly for this year. Below is a link for the new criteria for you to look through. If you need any support or guidance when it comes to applying for the mark again this year please do not hesitate to contact Franki Clark

at the Sports Partnership. Please also be aware that before you can complete the mark this year you need to add in your School Sports Day date and complete the Inclusive Health Check sections on the mark. The School Games Mark window opens from 31st May and closes on 31st

July 2017.
