

This term in Year 2 we will be learning...

English

Children will be taught English on a daily basis with an hour lesson each day. They will continue to follow the Read Write Inc program, if appropriate, as well as being taught in topic related literacy lessons. Writing and reading skills will also be taught through other subject areas

Maths

Children will continue developing their skills in number, counting, partitioning and calculation. They will develop mental strategies for addition, subtraction, multiplication and division. They will also explore money, data handling, measures, shape and number patterns and problem solving.

Art and DT

In Art children will explore the design attributes of different food packaging before designing and making their own packet. The children will use a range of joining techniques in DT to create a moving farm vehicle/machine.

Science

During this topic children will be learning about living things and their habitats, animals including humans and plants. We will also be looking at where food comes from, how animals are cared for and about healthy diet and exercise.

Food and Farming

Computing

Children will be taught to use technology safely and respectfully and will begin to recognise the importance of keeping personal information private.

R.E & PSHCE

In R.E. we will be learning about creation and what Christians believe about this area. In PSHCE we will be exploring new beginnings and settling into new classroom routines.

Forest School

Children will learn to be independent, use their creativity and initiative and problem solve during forest school activities.

P.E

Children will be focusing on gymnastics skills as well as having a weekly fitness-based lesson. As part of this topic children will also learn how healthy food is an essential part a healthy lifestyle.

Music

In music children will be taught to use their voices expressively when singing songs, chants and rhymes.
