

Good Morning Year 2,

How are you all doing this morning? I wonder how many of you are still in your pyjamas?

The homelearning will always be set on a daily powerpoint like this which you should be able to follow yourselves.

There might be some extra links or other sheets that your parents will need to download or print for you.

Please keep in touch and let me know how you get on.

The homelearning email address is:

[year2home@heddon-school.co.uk](mailto:year2home@heddon-school.co.uk)

Goodluck and stay safe. Mrs Southern xxx

# Mental Maths: Friday's problems of the day!!

20.11.20

Here is how much it costs to go to the zoo.

Mr Jones and his 3 children go to the zoo.

How much does it cost them altogether?

Mo has six 5p coins.

He also has five 10p coins.

He buys this lolly.

How much money does he have left?

## **Spelling Test**

Ask a grown up to test you on your spellings for this week.

## **Phonics Practise**

Practise playing some of the phonics games on the Phonicsplay website, which were recommended for homework. Can you try and beat your score?

# The Little Hen and The Great War!

Listen to the whole story of The Little Hen and The Great War. We haven't finished reading it all in school so I have recorded the whole story for you on a separate PowerPoint so that you can see the pictures then too.

# Book Review

Can you use the attached sheet to write a book review of the Little Hen and The Great War? Think carefully about what happened in the story and what parts you enjoyed best.

Would you recommend it to anyone?

Maths!

Click the following link for the teaching video.

<https://vimeo.com/473051856>

Now complete the Friday Maths PowerPoint and complete the attached worksheets.

# Handwriting

Complete the attached Handwriting sheet, start at the beginning and work through each day.

# D&T

This half term we are going to make a moving vehicle.

In order to do this we need to do some research about moving vehicles (toys) and how they work.

In today's lesson we are going to be looking at wheels.

Have a hunt around your house for things that are on wheels. Why are they on wheels? What do the wheels help them to do better?

Hopefully you have got a construction set at home such as lego. Have a go at using that construction set to make a vehicle which can move.

I look forward to seeing you in school next week where we can all plan our designs further.

Well done for all of your hard work today!

Please keep in touch and let me know what you're doing.

Stay Safe  
Mrs Southern
