

Tuesday

Good Morning! Well done on all the work you did yesterday. It looked like you have worked really hard.

Everyone was super excited this morning because we have got some eggs in our classroom. I have explained that they are living eggs and have chicks inside them. A chick takes 21 days to form and the eggs which we have are now on day 19. This means we will hope to see them hatching on Wednesday.

Here are the eggs. I will keep sending pictures for you to see their progress.

9:00 - 9:15 - Mental Maths

9:15 - 9:35 - Phonics. Practise some of the phonics activities that you got for your homework.

9:45 - LITERACY - SPAG: Past tense.

Verbs in past tense are words saying what has already happened. Cut the verbs out and sort them into past and present.

Now look at the words on the Powerpoint (slide 2) Which words indicate the passing of time? (words such as next, after that etc.)

Reread the pages from last lesson. Can you pick out any words that are used in the story, which show the passing of time?

11:00 - 12:00

MATHS - See Powerpoint and attached sheet

1:00 - Handwriting practise - page 2. Remember to take care with the size of your letters.

1:15 - HISTORY - REMEMBRANCE

Read the slides and talk about that traditions of what happens on Remembrance Day.

Now complete worksheet 4B (page 2) on the Remembrance activity PDF.

2:00 - PE

Perhaps you could do some exercises in the house? Think about how your body feels during exercise.
