

At home time you will get your bag, coat and water bottle and come and sit next to the main door. When I see your grown up outside, I will say your name and you will leave through the main door, head home and share all the things you have been learning.

---

We hope you have a great summer! Don't forget to pop some photographs on Tapestry so you can share all the fun you have had when you come back on Tuesday 2<sup>nd</sup> September 2025.

# Welcome to The Hedgehogs' Class Nursery 2025

My name is  
Miss Allsopp

I will be your class  
teacher in Nursery.

This is what your  
uniform will look like.  
**Please ensure it is  
named** as jumpers  
can often get  
misplaced in Nursery!

We have a snack area so  
you can choose when to  
have your snack.

We have calm areas in  
our classroom if you  
need a bit of quiet time.

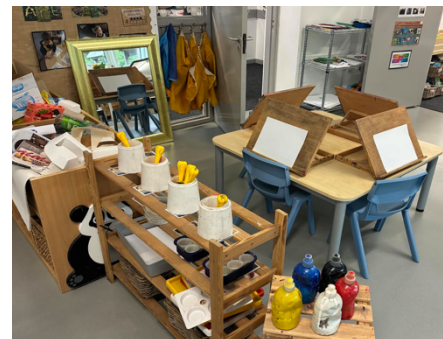

In our classroom we  
have a maths area with  
lots of different  
counting books, games  
and jigsaws.

We have small  
world and  
construction toys.

We have a home  
corner with a real bed,  
a sink and lots of  
clothes to try on.

We also have a  
painting area and a  
play dough area.

This is our outdoor classroom where we can run, climb, investigate and explore all sorts of things!

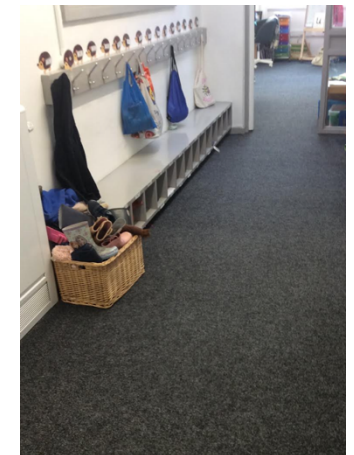

There are toilets in our classroom and you can go anytime you need to. There are sinks and a hand dryer for you to wash and dry your hands. If you have a little accident, tell a grown up so we can help you.

We ask that you bring a **named** filled water bottle **daily**.

Our school day begins at 9:00am. I will greet you each morning with a smile ... don't forget to bring your smile too!

Our cloakroom is just beside the main door. Each morning you will find your peg and hang up your coat, bag and packed lunch (if you bring one). Your grown up can leave a bag with a spare change of clothes on your peg.

We also have a box each to keep our wellies safe. It will be very useful to keep a pair of **named** wellies in school.

When you first come in, you will find your name and pop it on the register. We will then say, 'Good Morning!' to each other. I will then help you to order a school lunch (if you plan to have one), we will do a 'Wake Up Shake Up' activity and after that I will tell you what we will be learning that day.

Then you can go off to investigate what is on offer during 'Choosing Time'.

During a typical morning in Nursery, we will have phonics, songs, story time on our carpet, indoor and outdoor learning before lunch time in the hall at 11.30am.

In the afternoon, we will have a maths session, sometimes PE and more exploring indoors and outdoors.
