

## This half term, Year 1 will be learning...

### English

Read Write Inc will be taught daily focusing on speed sounds, recognising red words and reading. Children will apply their writing during our transcription lessons as well as skills through other subject areas. We will focus on a variety of narrative and non-fiction books that will allow us to build upon our reading and writing skills.

### Science

During this topic children will focus on animals (including humans). As part of this topic we will look at naming body parts, exploring our senses as well as beginning to look at animals starting with mammals and reptiles.

### Maths

Children will continue developing their skills in number. This half term we will be focusing on place value within 10 as well as addition and subtraction within 10. Taking a mastery approach, children will have a deeper understanding of numbers, their worth and be able to manipulate numbers appropriately to solve problems and calculations.

### PSHE

Children will learn about safe relationships where children will talk about how safe relationships look with those around them.

# Happy in Heddon!

### R.E

In R.E. the children will be learning about what Christians believe God is like. We will be focusing on the parable the Lost Son.

### Computing

Children will be taught how to log onto the Chromebooks and to Purplemash using their usernames and passwords as well as looking at e-safety.

### Art

Children will be focusing on elements of art where they will practice using a range of drawing materials, draw different types of lines and practice creating observational drawings.

### P.E

Children will be team taught by Mr Walker (specialist PE teacher) and Miss Robinson for 1 lesson per week, with a follow-up lesson being taught by Miss Robinson. This half-term will be focused upon invasion game skills.

### Music

In music children will be taught singing, notation and rhythms by Mrs Milner in their weekly lesson.

### Geography

In Geography the children will look at maps and aerial photographs of our classroom, our school and the local area. We will also go on a walk around the local area. We will also look at the human and physical geographical features in the local area.
